Reviews

"Clare has been walking Dotty for about 4 months and she is a godsend. Clare is lovely, reliable, professional and completely trustworthy. Dotty is more excited when she arrives than when I take her out! I couldn't recommend Clare more highly."
 🐾🐾🐾🐾 Karen Stephens

"Clare walks our Golden Retriever, Buddy regularly, and he is always so excited to see her. Clare is very professional and reliable, and despite Buddy's love of muddy puddles, is always clean when we get home. He loves walking with Clare, Phil and Maisie and all of his other doggy friends. I highly recommend Clare!"
 🐾🐾🐾🐾 Emma Cairns

"Clare is friendly, reliable and trustworthy, and is definitely someone that I feel completely comfortable leaving our lively Labrador with. Frankie can't wait for Clare to pick him up and even though we are at home at the weekend, he insists on staring out the window just in case! I would definitely recommend Clare."

Client testimonials

Thinking of advertising your dog friendly business with us? Here's a few testimonials we have received from other advertisers.

"The Good Dog Guide is great! I advertised with them from the early days of my dog training career and they have been one of the few resources that have truly been worth the investment. I always found the process of getting ads up and running, and tweaking them occasionally, to be really easy. On top of that, Tiffany and the team are so personable, incredibly well organised and are genuinely keen to help that it make them a pleasure to work with. All in all, it's a no-brainer for me to recommend them. If you have a dog-related business, I wouldn't hesitate to give them a try."

Graeme Hall, Master Trainer & presenter of Channel 5's Dogs Behaving Very Badly

"Over the last couple of years of using The Good Dog Guide 90% of my work now originates from this source. In the past I have found advertising expensive and generally unsuccessful. TGDG is good value for money and the staff always helpful. I recommend them, without hesitation."

Keith from Keith Rowley Dog Training

"I wanted to say thank you for your great service, my bookings definitely increased from advertising with yourselves."

Claire from Claire's Pampered Pets

"Dear The Good Dog Guide. As a relatively new business in puppy and dog training I have found "The Good Dog Guide" to be a unique and very supportive professional team in regards to online/social media advertising. During Covid 19 restrictions in over 18 months to present day, the team has been innovative and diverse in promoting my business with additional advice via email. Well done team and thank you for your invaluable support! I would certainly recommend!"

Denzle Founder of: D.Garricques Puppy & Dog Training Foundations

"Fantastic!! My sister recommended the Good Dog Guide as a perfect place to tell dog owners about Moorview – my bungalow in Salcombe South Devon. From experience I know it is difficult to find suitable accommodation that welcomes dogs. Two days after placing my ad I had my first response – a booking for 2021! Placing the ad was made so easy and the support from the team excellent. Looking forward to welcoming many more Good Dog Guide supporters."

Wendy Foster - Moorview Salcombe

"Dear Tiffany, I would just like to thank you for your help the other day when you called to see if I was going to renew my listing with you. I must say that I never have any hesitation renewing for another year. I run a Sighthound Home from Home Boarding service and this is the 3rd year in a row that I have advertised through The Good Dog Guide. The annual price for my listing really is very reasonable and I have had a steady flow of enquiries from potential clients throughout the time I have been with you. It's always nice to talk to you. Thank you for your professional service."

Rowan Foley at The Whippet Haven

"Thank you so much for all your support, you are an amazing team and I enjoy working with you."

MyLuka Dog Training Solutions

"I have used various advertisers for my business but no other comes close to The Good Dog Guide. I would recommend them to anyone who has a dog, wants a dog, knows a dog etc! They are fabulous at customer service, replying straight away to queries and if you want to update your listing then you can do this and it will get sorted very quickly. I have had a lot of enquiries through The Good Dog Guide and I am really grateful for their help and assistance. I would not want to lose this wonderful service. If I want a holiday with my dog I know where to come. Thank you so much. Five stars and more if I could."

Julie Carter @ MyLuka Dog Training Solutions

"Thanks so much for being my best advertiser over the years - value for money and real enquiries through it! Have recommended you to a few others locally."

Dogs4walkies

"When we started our dog friendly bed and breakfast in Beer, Devon we had no idea about marketing and selling it. My daughter who runs it is a cordon bleu cook and I am retired, so neither of us had a clue!! We started by looking on the internet for other establishments like ours and the name that kept popping up was 'the good dog guide' so that was my number one choice, we did go with some other companies for a short while but due to the amount of guests we have got via the good dog guide we have gradually given up most of the others.) Once we got some guests who started writing on trip advisor we were away. When I look at the statistics that are available from the good dog guide it is quite clear where are guests are coming from. I especially like the ease of the Twitter connection and am following many useful links and they are following us. An excellent service and well done for targeting our exact customers."
